Se escribe un correo electrónico, donde se realiza la postulación a un puesto de trabajo, incluyendo datos relevantes de la hoja de vida y haciendo uso efectivo de la **netiqueta**.

Subject: Application for the position of Data scientist

Dear Michael,

I am pleased to submit this application for the position of **Data Scientist** at **IBM**. With a solid background in **Data Science** and experience in **Backend development**, I am excited about the opportunity to contribute my skills and knowledge to your team.

I am a **statistics specialist**, with experience in **data analysis, software development, project management and IA**. Throughout my professional career, I have worked at **Mercado Libre** and **Globalant**, which has allowed me to develop competencies in **Analysis**.

In particular, I stand out for my ability to extract valuable insights from large datasets, having successfully implemented a predictive models. I believe that my profile can contribute to the growth and success of your company. I am motivated by the opportunity to be part of an innovative team and to face new challenges that allow me to continue growing professionally.

I have attached my résumé for your review, and I remain available to arrange an interview where I can provide more details about my experience and skills. You can contact me via **djperilla7@soy.sena.edu.co** or **3198887766**.

I appreciate your time and consideration. I look forward to the opportunity to discuss further how I can contribute to your team.

Sincerely,

Danny Julián Perilla Mikán
